COW'S HEAD BRAND OF  
SWISS MILKS,  
SWEETENED AND UNSWEETENED.  
All Full Cream, Guaranteed Absolutely PURE.

Reprint from "The Lancet," September 14th, 1901:—  
"We have previously reported upon a sample of condensed milk  
prepared by the Swiss Milk Society which, unlike the present sample,  
contained no added sugar. There is no doubt that the addition of sugar  
to condensed milk is in most cases excessive. On the contrary, when  
this preparation is diluted to a desirable strength by adding, for  
example, three parts of water to one part of milk there is  
hardly any sweet taste of added sugar perceptible. The preparation  
is quite fluid, and does not crystallize. The milk is sterile, and con-  
tains no chemical preservatives. The flavor is good, and typical of rich  
grass milk."

This is the finest and purest milk to be had, and is most suitable  
for invalids and children; it is without that objectionable taste that  
most condensed milks have.

# BUBONIC PLAGUE.

## HOW TO DESTROY RATS!!

BUBONIC PLAGUE is a Disease among Rats and Mice, and they being migrating animals the infection is carried from house to house. It matters not how perfect the Sanitary Arrangements may be, if Rats and Mice are permitted to remain about the Premises the disease can be contracted. The best safeguard is to destroy Rats and Mice.

## NEWTON'S RAT CHEESE.

This is the only preparation ever compounded which will effectually rid your house of these pests, as well as keep the premises free from them.

All that is necessary to do is to sprinkle the powder about where rats and mice frequent, inside the holes or between floors. The rats eat it and then seek the sewers for water, when death is produced.

With NEWTON'S RAT CHEESE it is not necessary to mix with any other substance to induce the animals to eat it, but sprinkle about according to directions, and the Rat Cheese does the rest.

*The Rats will not die in the House after Eating NEWTON'S RAT CHEESE.*

## RATS AND MICE SPREAD DISEASES.

The fact has been scientifically established that rats and mice not only carry Bubonic Plague but also other infectious diseases, like Smallpox, Scarlet Fever, Diphtheria, etc. So the best protection against all such dangers is to keep rats and mice away from your house by using Newton's Rat Cheese. It is such a convenient article to use, no mixing with other substances is necessary.

*See that you get the genuine NEWTON'S RAT CHEESE.*

### THE UNHAPPY BRIDEGROOM.

#### As a Woman Sees Him.

Inasmuch as there are many more eligible women than men, and the supply of bridegrooms is not, therefore, equal to the demand, it would seem that at a wedding the most conspicuous and important personage would be the man, and that his would be the name that was the headline on the programme.

So far is this from being the case that at no other time and place is the lord of creation of such small consequence, and many a man never fully realises of how little importance he is in the world until he attends his own wedding.

Nobody notices him, nobody speaks to him except the heroic friend who has undertaken to see him through, and who bids him in hoarse sighs to 'brace up.' Nobody consults the bridegroom's tastes or preferences in the wedding arrangements, or cares how he looks, if by any chance he should be accidentally lost in the shuffle he probably never would be missed.

When the richest young man in the world was married, no one thought it worth while to publish a detail concerning his going-away suit, or his pink negligee, yet probably he took just as deep an interest in his clothes as the lady did in hers.

More than that, every bride is deluged with advice about how to enter the church, how to stand and kneel, and what to wear, but nobody ever thinks of offering a word of helpful counsel to the bridegroom, who is left to flounder through the ceremony as best he may.

This is not only cruel, it is unjust, for, while a girl begins to prepare for marriage in the cradle, it always takes a man by surprise. It is like death. He knows it is on the cards, but he cherishes an

unfamed hope that he may escape the universal doom.

Nothing short of inspiration can devise a remedy for stage fright, or getting a man gracefully through a marriage ceremony, but there are a few simple rules that may be a help in time of trouble to the prospective bridegroom.

Don't have a frozen grin on your face that looks as if it might melt and run down on your collar. Neither sport a stern, Napoleonic air as if you were determined to see the thing through, or die. A happy medium of chastened serenity and joy is always best.

Try to throw some enthusiasm into your responses. Most men make them in a tone of voice that indicates their belief that they are signing their own death warrant.

Don't become excited. Keep your eye on the gun. Look neither to the right nor the left; otherwise you are as liable to marry the bridesmaid or the best man as not. Engage a detective for best man so that he will be able to locate the wedding ring after you have gone through your pockets six times in a vain effort to find it. Tell him beforehand just where it will be, and with this clue he may be able to work up the case in time to save you from disgrace.

Finally, let your sufferings teach you to live a better life.

Childhood is the formative period of manhood and womanhood. As the child is so is the adult. Hence, health is most necessary during this important stage of physical development. It health renders children stunted and dull, disinclined to play, prevents proper development of mind and muscle. A sickly, weakly child cannot be expected to enter mature life, healthy and robust, and to achieve the possibilities of such a life.

Often children need a good tonic—something to stimulate their organs to the full performance of healthful function, or arouse latent energies. A failure to give a good tonic at such times is to withhold from the child a stimulus that may seriously affect the future happiness and success of its life.

**SOFT, FAIR, DELICATE SKIN.** A clear and healthy complexion produced by using Stearns' Skin Cream, the most soothing, healing, and refreshing preparation, and was made harmless to the most delicate skin. It prevents and removes freckles, tan, sunburn, redness, roughness, heat, chafing, eruptions, irritation, stings of insects, eczema, burns, imparts a luxuriant beauty to the complexion, and arrays the neck, hands and arms in matchless whiteness, unobtainable by any other means. Ask Store and Chemists for Stearns' Skin Cream, and avoid poisonous imitations. Stearns' Wine of Cod Liver Oil is a tonic and tissue-builder admirably adapted to children. It is delicious in taste and they like it. It does not disturb their stomachs and has no drawbacks. Its influence is for good only—it makes children grow, makes their eyes bright, their cheeks rosy. It makes them gleeful and full of life. It forms them into stalwart men and healthy women. Wholesale from A. S. Watson & Co., Ltd., Hongkong.
